### ABOUT ME

I thrive working on collaborative, Agile teams. It's a pleasure to work closely with clients and developers to craft web applications from the ground up.

### WORK EXPERIENCE

#### UI/UX DEVELOPER

NC STATE UNIVERSITY | Oct 2016 - Present

Lead the UI/UX analysis, redesign and usability testing on custom-built Laravel applications.

Lead business process review meetings for several projects. Build wireframes and high-fidelity prototypes.

#### BACK-END DEVELOPER

SPOONFLOWER | Apr 2016 - Jul 2016

Built an internal CRUD app for the marketing team to implement tracking snippets into the live app for customer analytics.

Used MySQL daily to restore files, update landing pages, and repair order items for the printing team.

#### CUSTOMER SERVICE ADVOCATE

SPOONFLOWER | Mar 2014 - Jan 2016

Fielded customer inquiries via live chat and email.

Offered design assistance to improve pattern repeats and printing results.

#### O\*NET BUSINESS LIAISON

RTI INTERNATIONAL | Oct 2013 - Mar 2014

Recruited businesses and organizations to help update the O\*NET occupational database.
